WORKSHOP DESCRIPTION

With this one-day workshop, you will be well on your way to completing a small FOLDED LOG CABIN wall quilt, table runner, or perhaps a pillow top. Sarah will bring plenty of quilts, blocks, and ideas. You will choose either a Traditional or Courthouse Steps block pattern - or COMBINE these in a 'sampler' style quilt.

INSTRUCTIONS

- Please rotary cut 1.5” strips and press in half to .75”, right sides out. How many strips? Here’s my formula: It will take approximately 6 folded strips for each 7.5” block, or about 1/3 yard of fabric total (1 yard of fabric yields about 22 strips, cut selvage to selvage.) For a two-tone Traditional block, 3-40” strips of each color is ample. Feel free to cut strips from fat quarters and scraps. My favorite log cabin pieces use a wide variety of tone...lights, mediums, and darks, and a vast mix of prints, solids, stripes – even unusual conversations prints. Ironing equipment will be available if you still need to prepare the strips for your project.
- Sarah will provide 7” muslin squares for block foundations, plus 2” black center squares. Want another color? Bring your own 2” squares.
- For a table runner, consider 8, 10, or 12 blocks. A border is nice, but your piece will be stunning without it. A pillow top is great using 4-6 blocks. Wall quilts – 6 blocks for starters...and you’ll have a hard time stopping there!
- PRE-PRESSING folded strips before sitting down to the machine, means a relaxed stitching process, with these narrow pleats 'stacked' and sewn onto muslin fabric squares. Every log cabin pattern imaginable works perfectly, and the results are handsome and weighty wall quilts, table runners - and even pillow tops!
- Note from Sarah: I look forward to seeing you in class. THEN you will realize the ‘aha!’ moment when you finally sit down and sew, with nearly ALL your pressing done! Questions? Feel free to email me at kaufmansare@gmail.com

KEEP GOING...YOU'RE ALMOST AT THE END!
